***Please come out to save some lives on October 19th***

On Saturday, October 19<sup>th</sup> we will proudly partner with Miller-Keystone Blood Center to roll up our sleeves to save lives at our main headquarters in Englishtown! One short hour of your time can change the lives of up to three patients in our community who need your help to save their lives and in turn touch the lives of so many more. When you save a life it's not just the patient who heals in hope, it extends to all of their friends and family. What a great way to pay it forward and make an impact on people in our community and across the country.

Miller-Keystone has over 50 years of experience supplying blood to those in need. We are very excited about the drive and I hope you are too.

Valerie LoVarco is leading this initiative and we hope you will come out support her effort. Show New Jersey that your membership has strength in numbers and is committed to the success of the saving lives. Let's demonstrate to the patients in need of blood just how much we can do.

If you would like to donate, please go online to sign up for your appointment. You may choose any available time slot, fill in your name and contact info and confirm. That's it! If you prefer you may use a QR Reader app on your smart phone to access the appointment page. Should you have any questions, please feel free to contact Valerie about joining the effort, or reach out to Daria Caldwell with Miller-Keystone at 609-273-4217.

It's not every day that we have the opportunity to do something that has such a lifesaving impact.

Let's blow this out of the water! Thank you for making Plumbers and Pipefitters Local Union 9 what it is and contribute to a great blood drive.

*You may fill out your health questions online at [www.giveapint.org/iscreen](http://www.giveapint.org/iscreen) any time on October 19<sup>th</sup> prior to your appointment. Use a laptop to print or email the document to your phone or fill out the questionnaire directly on your smartphone and save to your phone. Please bring the printout and/or online email with the pdf with you to the drive. You may also wait until you get to the drive to fill it out.*

***Strong communities are built on safe blood!***
